

MM MAY CROSSGRIP CROSSGRIP

SLIP-RESISTANT ROOF WALKWAY MATTING

Crossgrip is a lightweight, maintenance free, loose lay system for roof walkways. It is highly weather resistant and its anti-slip properties improve safety even in atrocious wet weather conditions.

As a direct result of improved health and safety standards, walkways that provide access for the servicing of equipment, maintenance or emergency routes need to be completely safe at all times in all weather conditions. Crossgrip's self-draining design and deeply etched surface provides a safe, slip-resistant surface both for pedestrian and wheel chair traffic.

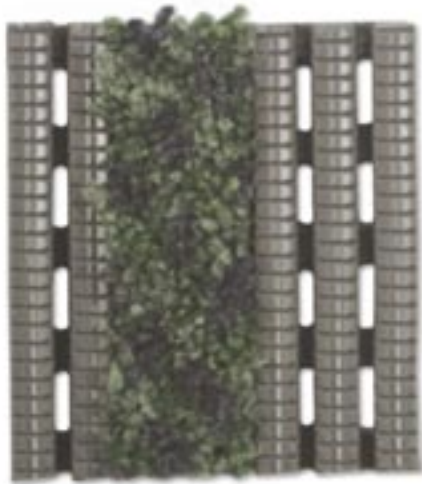

Manufactured from PVC, it has a life expectancy that equals that of a modern high performance flat roof. The welded extrusions produce a one-piece grid with excellent drainage and durability.

Crossgrip is quick and simple to fit, and as the wind blows through the grid without lifting it, the matting remains in-place under all normal weather conditions.

Crossgrip is manufactured in roll lengths of up to 30 metres and widths up to 1.2m. Standard colours are Grey and Black.

MM MAY FRONTRUNNER FRONTRUNNER

The ultimate 'clean and dry solution'

SIZES

Available in Standard Module Sizes of:

630mm x 1200mm
900mm x 1500mm
900mm x 1800mm
1220mm x 1800mm
1220mm x 2500mm

Also Available Made to Measure Sizes
Frontrunner can be made to any length.

For widths greater than 1310mm sections can be added together to create any width.

With up to three-quarters of dirt that finds its way into a building coming in on the soles of shoes, it makes good sense to get rid of it at the Entrance. Frontrunner's Diamond tread surface literally scrapes dirt away and its open grid design lets the debris fall through to the floor below. The addition of highly absorbent solution dyed inserts dry the soles of shoes providing an effective and complete 'clean and dry' system.

- Hard-wearing and long lasting in the heaviest of traffic.
- Effective debris drainage for grit, sand even snow.
- Open grid construction allows extremely high soil holding capacity.
- Flexible format contours to non-level applications.
- Easy to remove and clean.

INSERTS

Solution dyed polypropylene fibre designed to remove dirt even from cross-directional traffic.

COLOURS

Black or Grey grid with Charcoal, Slate Blue, Green, Burgundy, or Walnut inserts.

ORDERING

Specify overall dimensions
Length = from left to right
Width = front to back (direction of traffic)

When ordering free standing mats with edging all round specify overall dimensions including edging.

MM MAY HERONRIB HERONRIB

WARM, COMFORTABLE AND SLIP RESISTANT

Made from strong, flexible, PVC sections in a grid formation, Heronrib provides effective drainage for large amounts of water. It is available with an embossed slip-resistant surface and is comfortable to stand on, even when bare-footed. It is ideal for changing rooms, around pools, in shower and all wet-side areas.

- Efficient drainage matting.
- Hygienic, non-porous and easy to clean.
- Effective inside and outdoors.
- Simple to cut to length and shape.
- Contours to uneven floor surfaces.
- Hardwearing, long lasting and maintenance free.

STANDARD COLOURS:

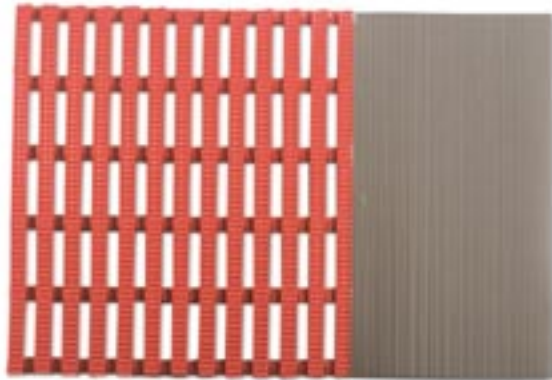

- red
- blue
- green

Available in 10 metre rolls, 60, 75, or 91cm wide in range of attractive colours. Heronrib is easy to cut to length or shape - it can be installed in minutes without the use of fixing tools.

MM MAY VYNAGRIP

VYNAGRIP

Slip-resistant, fatigue-reducing and a boost to productivity

Vynagrip is comfortable to stand on and its deeply etched slip-resistant surface reduces accidents even when used over rough or problem floors. Manufactured from grid-welded PVC it is extremely hardwearing and it allows debris, dirt and liquid spillage to fall through or drain away.

- Reduces fatigue which boosts productivity.
- Hardwearing and maintenance free.
- Hygienic, oil resistant and simple to clean.
- Reduces damage to dropped tools and components.
- Simple to join or cut to shape.
- Vynagrip 'Plus' has bright yellow edges for added safety, demarcation or route-marking.

STANDARD COLOURS:

- red
- blue
- black
- black + yellow edges

Vynagrip and Vynagrip 'Plus' are available in 10 metre rolls 60, 75 or 91 wide. Vynagrip is available in red, blue and black. Vynagrip 'Plus' is black with two, 5cm wide, bright yellow edges.

Both products are easily cut to length or shape and can be installed in minutes without special tools.
