

Redtree Industries, Inc.

With more than two decades of manufacturing excellence and experience, Redtree Industries enjoys a reputation built on quality, performance and customer satisfaction. Redtree manufactures and distributes a full line of paint applicators and tools for most professional and consumer uses.

Handcrafted Excellence. Redtree formulates and handcrafts its tools for maximum painting performance. This assures fine finish results with all coatings including enamels, varnishes and urethanes as well as specialty finishes. All brushes are set in epoxy and are solvent resistant to assure bristle retention. All better brushes are hand chisel trimmed and have a fine working edge.

Sizes: Brushes available in sizes from 1/2" to 6"
